

September 3, 2024

I spent a lot of time reviewing resumes in August with hits and misses, both positions have been filled. Our Dietary Manager position was filled by Amanda Collette. Amanda most recently was a cook for a drug and alcohol rehab center. She has completed her paperwork and is starting today, unfortunately not early enough to be introduced to the Board.

An aide was also hired. Charlotte Porter, will come in this afternoon to get her paperwork and inservice done. We hope to train her several days this week so she can work this weekend. Her shift will be Friday, Saturday and Sunday and fill in as needed.
